

How will the End-of-Course (EOC) Assessment results affect my final grade in the course?

REQUIREMENT: Florida Statute 1008.22 requires that the EOC assessment results make-up 30 percent of all students' final course grades for the following courses:

- Algebra 1, Biology 1, Civics, Geometry, and U.S. History

Students must earn a passing grade in a course with the 30 percent calculation applied in order to earn high school credit.

What grades will be assigned based on the EOCs?

EOC Score	Grade assigned for 30% calculation
5 or 4	A
3	B
2 or 1	D

How will the 30 percent be calculated into my grade for the EOCs?

The final grade will be calculated using the following formula, with traditional point values used for the letter grade:

$$(\text{Final Grade assigned by teacher} \times .70) + (\text{Grade assigned by EOC score} \times .30)$$

For example: Your final grade in Biology is a B and you earn a Level 3 on the Biology EOC. Your grade is the following:

$$(B \times .70) + (B \times .30)$$

$$(3.0 \times .70) + (3.0 \times .30)$$

$$(2.1) + (.9)$$

$$3.0 = B$$

The 30 percent computation will be applied to annual, semester 1 and semester 2 courses.

What will your final grade be, including the EOC score?

C	B	C	C
