

# Schedule Change Request

Schedule changes are based on the  
level of urgency.

Errors will be addressed in the following priority order:

1. Missing a Core class
2. Placed in a class that was already completed.
3. Placed in the wrong class level.

\*\*Requests to switch sections/periods or teachers of the same subject will not be granted.

\*\*Some schedule changes may not be feasible due to conflicts with other courses, class size, or other circumstances.

\*\*Counselors will contact students once they have confirmed that a priority error needs to be corrected.
